

Williamstown Sailing Club

Sailing Program for 2019 -2020

A new sailing program for 2019–2020 has been approved by the WSC Sailing Committee. The 2019-2020 sailing season will run from the first week in October 2019 to the end of March 2020, followed by winter sailing in April. There will be 24 races to constitute the 2019-2020 racing program. All these races will count towards 4 separate Series as shown below.

Club Champion	Best 14 of 24 races	Drop 10
All Fleet Handicap Champion	Best 14 of 24 races	Drop 10
Class Champions	Best 14 of 24 races	Drop 10
Class Handicap Champions (x3)	Best 5 of 8 races (x3)	Drop 3 (x3)

Key Elements of the Program

- Racing will commence at 1:00 pm. To accommodate those competitors engaged in LTS and Junior Sailing training programs, those programs will now finish at 11:30 am.
- Two races will be scheduled back-to-back on each scheduled racing day. This maximises return-for-effort by competitors, race organisers and rescue boats. Competitors can sail both races or either one of them.
- All races will potentially count towards all Series, with drops as shown above. This means that competitors who might miss particular racing days are not disadvantaged randomly or disproportionately in any particular Series.
- Club racing will not be scheduled for weeks on which there are other Regattas, Class Championships or on major holidays.
- There will be non-competitive sailing in weeks in which there is no Series racing to allow for sailing other than Club Series racing.

Courses

Course 1:	Triangles
Course 2:	Triangle & windward return
Course 3(a):	Triangle, windward return, Triangle
Course 4:	Windward return with Gate
Course 5:	Trapezoid
